DESTINATION

An Award Winning state-of-the-art complex, just steps away from Times Square! Conveniently located within walking distance of many midtown hotels and businesses, New World Stages is an ideal location for your next awards ceremony, cocktail reception, video conference, or planning session. With five theaters, three bars, and an open two story lobby space, New World Stages is more than a gathering place, it's a destination to remember.

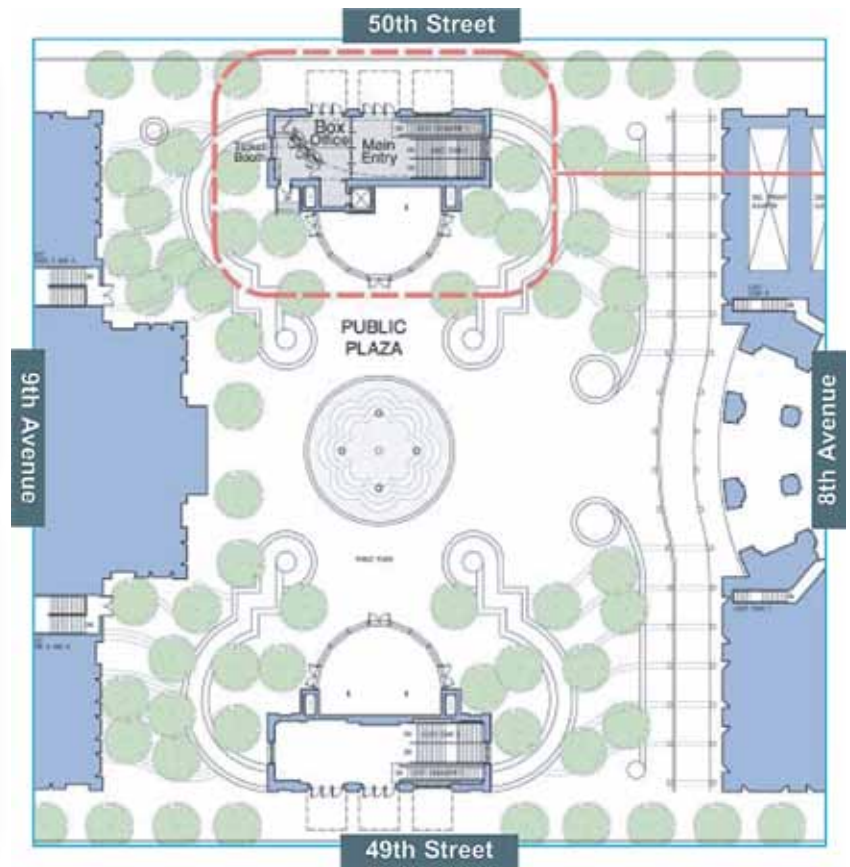

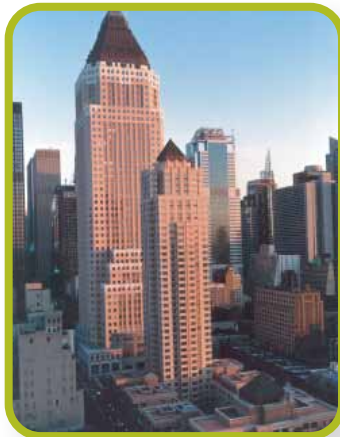

CHICAGO is the sexiest musical on Broadway. That's a tough act to follow. So, we knew the after-party of our 10th Anniversary Gala performance had to be as hot as our show. At New World Stages, we were able to create an experience worthy of a celebration a decade in the making.

SPECIAL EVENTS

EXPECTATION

The greatest part of New World Stages is how wonderfully unexpected it is. Completely reconstructed and newly renovated on (and under) the site of Former Madison Square Gardens, New World Stages provides 61,300 square feet of uniquely modern underground space nestled just beneath World Wide Plaza. Leave the hustle and bustle of midtown behind as you enter at ground level and descend into our elegant lobby. The ultra modern interior is simple and adaptive, but possesses a classic character and charm that is simply unforgettable. Enhanced by a rotating contemporary gallery and the capability to reconfigure a room the length of an entire city block, New World Stages is sure to provide that New York "Wow!" factor that will make your next event a hit.

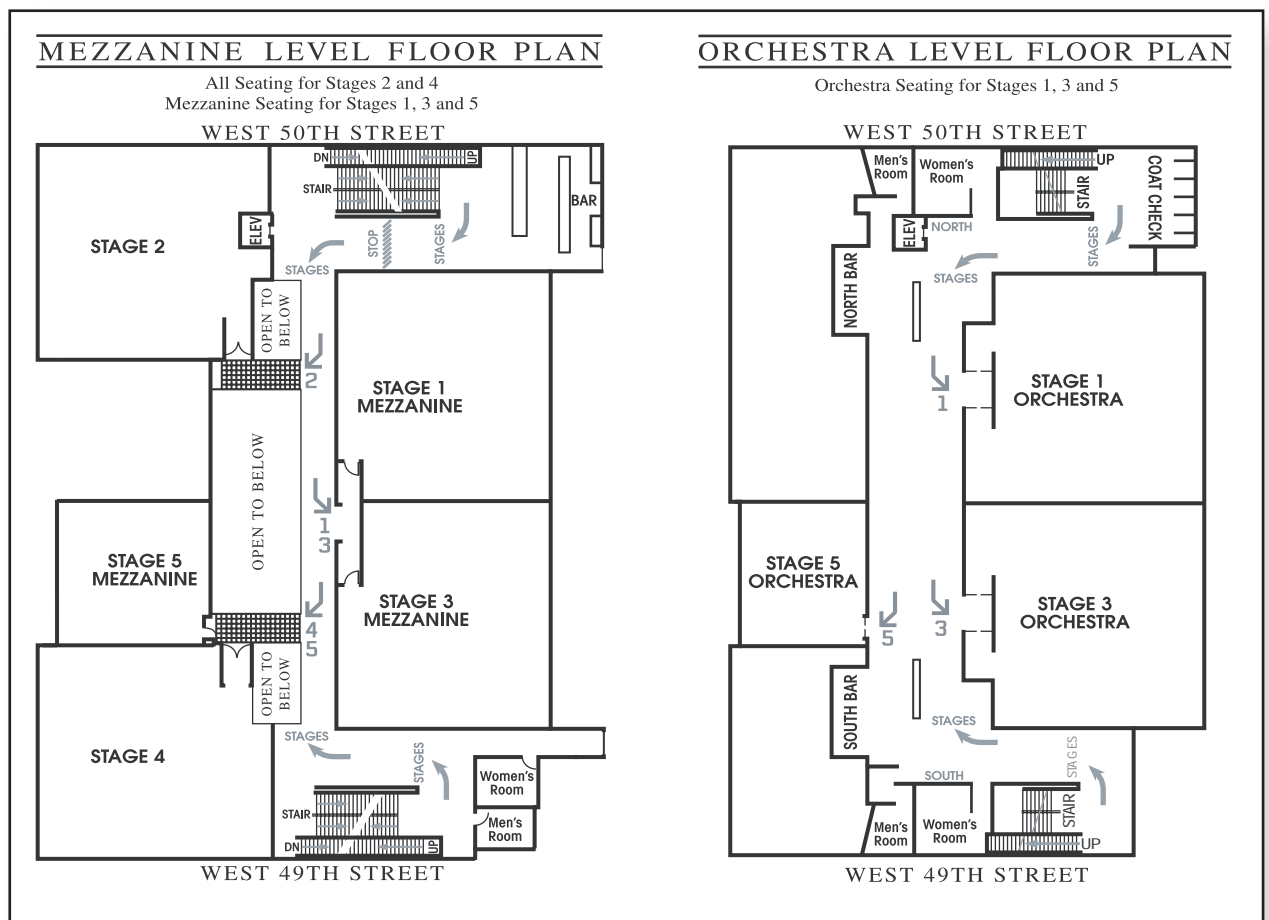

"New World Stages is a wonderful place to have an event. For the past two years we held our holiday party there. The space is so dramatic and can be customized to accommodate any event or theme. For each event, we created a true WOW effect. We would highly recommend New World Stages for any event."

ATMOSPHERE

A smart alternative to dreary conference rooms and routine ballrooms, New York's premier Off-Broadway Theatre Complex is the ultimate setting for any atmosphere – from the perfectly intimate to the exquisitely grand. Our five houses, varying in size from 199 seats to 499 seats, and open two story lobby are ideal for small video conferences of 50 people or large gala, trade shows, or upfronts of 1,500 people. With state of the art theatrical sound and lighting equipment as well as video projection, web conferencing, and wireless access, New World Stages is the perfect combination of classic elegant style and technological sophistication – all under one roof.

“New World Stages is a great fit for Time Out New York. We’re pleased with our ongoing relationship and our amazing past events in the space, and look forward to lots of fun in the future.”

HOSPITALITY

At New World Stages hospitality is an art-form. As our founder, Joop van den Ende states, Every [person] that visits a Stage Entertainment theater should feel that they are a welcome guest the moment they cross the threshold. With three full service bars, an incredible staff of ushers, greeters, bartenders, technical advisors, and event planners, New World Stages' knowledgeable and friendly staff will work with you hand in hand to create your ideal event. While our elegant space may sell itself initially, it's the professionalism and warmth of our staff that keep clients coming back time and time again. At New World Stages, it's more than just an event. It's an experience to remember.

New World Stages is more than just a theatre complex...it's a well equipped, professionally staffed venue that provides a top notch experience for our business meetings. Whether it's a business briefing or an all day seminar, we have found no place more suited for our needs.
